

# New Sydney Fish Market

## Out of hours work notification

### Night works, temporary road and footpath changes

13 May 2022

Dear Neighbour

The NSW Government is delivering a new Sydney Fish Market which will retain its authentic experience and strengthen its position as one of Australia's leading tourist destinations.

#### Upcoming work – Preparation works for temporary substation kiosk energisation

On **Friday 20<sup>th</sup> May**, preparation work will be undertaken for the temporary substation kiosk prior to energisation, which involves cable connections, backfill and local restoration of asphalt pavement.

The location of works is along the eastbound lanes of Bridge Road and the footpath along the construction site frontage between Glebe Foreshore Walk and Wentworth Park Road (refer to Figure 1 overleaf).

Work have been scheduled as **night works** along Bridge Road due to authority approvals and the highly disruptive nature of the work to traffic and pedestrians in consideration for public safety.

It is noted that the date is subject to change pending inclement weather and authority approvals.

#### How this affects you

Out of hours work will be carried out between **7:00pm – 5:00am**, with no noisy works involved.

The work will involve temporary footpath and traffic lane closures along Bridge Road, with the following measures in place:

- Guiding vehicles and cyclists around the work zone with traffic control and signage.
- Providing alternative pedestrian routes with traffic control guidance. Footpaths will be maintained during works where possible, while temporary pedestrian crossings will be set up and managed by traffic controllers to safely guide pedestrians across the road.

If you have any questions or concerns, please don't hesitate to contact us on 1800 271 114. If you would like to receive project updates by email, please let us know.
